Apponequet

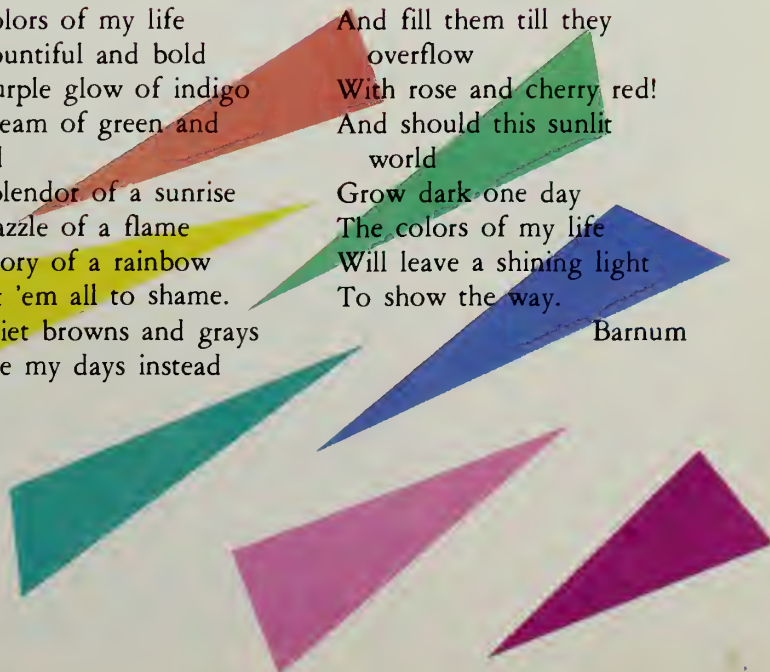

Regional High School Volume XXXI

The colors of my life
Are bountiful and bold
The purple glow of indigo
The gleam of green and
gold
The splendor of a sunrise
The dazzle of a flame
The glory of a rainbow
I'd put 'em all to shame.
No quiet browns and grays
I'll take my days instead

And fill them till they
overflow
With rose and cherry red!
And should this sunlit
world
Grow dark one day
The colors of my life
Will leave a shining light
To show the way.

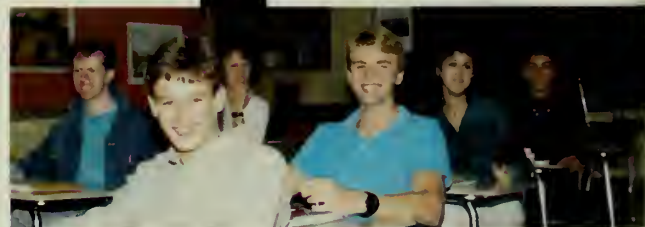

Barnum

1989 Polarion Production

All alone in the moonlight
I can smile at the old days
I was beautiful then
I remember the time I knew what happiness was
Let the memory live again.

Cats

The curtain closes. It is time for Act I to close and, with the brief intermission of summer, we must continue with Act II of our lives. We are young now, with a life full of performances to give. But sadly, this will not always be. Every show must come to an end. If we look back at our days at Apponequet, we will see them filled with memories, both good and bad. We should laugh at the happy times, cry at the sad ones, but we should never forget them. Memories are life itself. They are a gift to be opened, cherished, and enjoyed for ever and ever. Let this yearbook be your window to your memories and let them live again.

Never the luck,
And never the lead,
And "never you mind" they
say.
In time we all taste
The lime in the light.
And I'll have my night
someday.
The Mystery of Edwin Drood

1989 Polaron
Production

Isn't Act II of our lives supposed to be better? Isn't this time in our lives when the plot really thickens and things start to get good? It's the time when we get control over our lives and get to grab center stage. It is the time when we mold and shape ourselves, to find out who and what we really are. Life is ours for the asking; all we have to do is reach for it. Don't let it slip away.

White. A blank page or canvas. His favorite. So
many possibilities . . .

Sunday In The Park With George

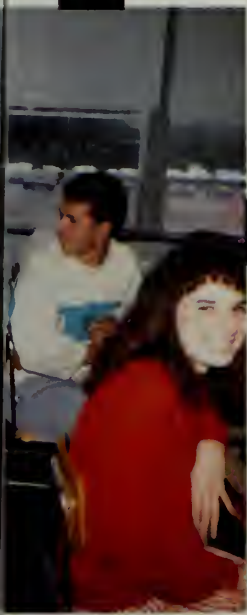

There are so many things we can do with our lives. Our show is just starting and we are our own directors. Life is out there and we have the power to shape it. We can choose our own characters and write our own script. What makes life so wonderful is that there are so many paths and no matter what path you choose, they will all end up in the same place. So many possibilities . . . so many things to do.

We were both ordinary men, he and I. Yet from the ordinary he created legends and I from legends created only the ordinary.
Amadeus

1989 Polarion Production

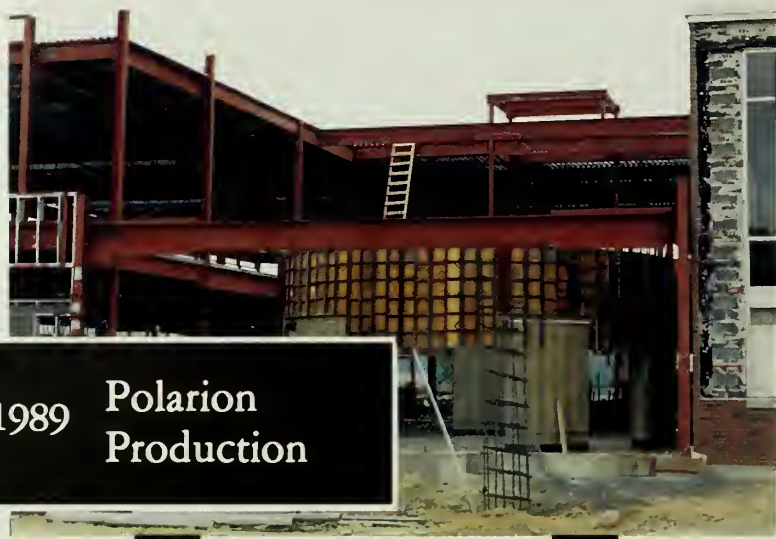

Our lives are so short. How much can we accomplish in this short life? Is it possible to set our goals and obtain them, and still try to make this world a better place? It is possible to leave our mark on this world, but not without paying a price. It will take self sacrifice and determination, as any performance will. But after it's all done, doesn't it seem all worthwhile?

Now there are some things we all know, but we don't take 'em out and look at 'em very often.

Our Town

1989 Polaron Production

As the scenes in our lives change, we must not forget them. There is so much to learn from them. We have our mistakes, our memories. It is when we start to forget them that we get into trouble. The memories are there for us. They are there to show us what we have done wrong, and help us never to repeat our mistakes. It's a lot for a little old memory to do.

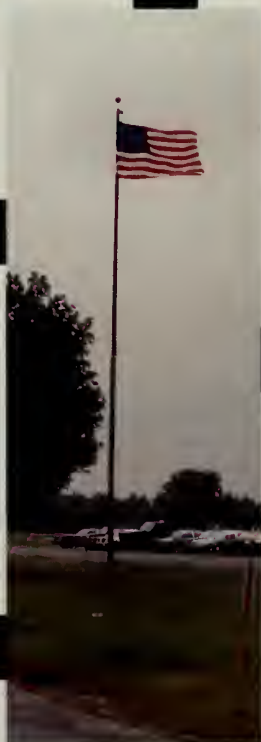

Everything has its season
Everything has its time
Show me a reason and I'll show you a rhyme.

Cats fit on the windowsill
Children fit in the snow
Why do I feel I don't fit in anywhere I go?

Opening night. The time when everything comes together. The cast, the director, the producer, the chorus, and the multitude of people behind the scenes all have done their part and now everything is ready. Everyone has a part, a place in life, even though at times it does not seem so. We have all felt that we do not fit in, but we do. It is just a matter of finding how we fit in, and that will come with time. You can't have a whole without many parts. Life is no different.

Well, we'll have to get off these chairs sooner or later. In a couple of months they'll need dusting.

The Children's Hour

1989 Polarion

Life is out there. If you don't go out and experience it, how can you say that you lived it? There are many things to be discovered. You don't have to go far, but you do have to get up and live life. Just don't stand idle, and let the days pass you by, because our days are few. A life full of "could have" and "should have" doesn't do anybody any good. So many possibilities and so little time. You can't waste even a minute.

Do you know what you wish? Are you certain what you wish is what you want?

REMEMBER

Remember me when I am gone away,
Gone far away into the silent land;
When you can no more hold me by the hand,
Nor I half turn to go, yet turning stay.
Remember me when no more, day by day,
You tell me of our future that you planned:
Only remember me; you understand
It will be late to counsel then or pray.
Yet if you should forget me for a while
And afterwards remember, do not grieve:
For if the darkness and corruption leave
A vestige of the thoughts that once I had,
Better by far you should forget and smile
Than that you should remember and be sad.

Mrs. Evelyn Staples

It is with much regret that the Apponquet community bids farewell to two of its well loved members.

Mrs. Evelyn Staples, Business Teacher and former Department Head, will be retiring from teaching after more than twenty-five years in the Freetown-Lakeville School System. Mrs. Staples has been the "keeper of the books" for so many years that Club Advisors and Treasurers will be hard put to do without her expertise. She has reconciled countless accounts and helped with innumerable financial problems and has done so always in her calm and concerned way.

Mrs. Lillian Brulotte, Secretary to the Guidance Department, has been an invaluable help to teachers and students as well as to the Councillors themselves. College applications were mailed on time, homework assignments given to the parents of absent students, meetings were scheduled and progress reports were filed, and all within the confines of an office no bigger than a closet! Mrs. Brulotte's ready smile and quick wit will be missed by all.

We, the Apponequet community, wish to take this opportunity to wish these two fine women the very best. We hope that some part of this school and these memories will remain with them through their happy and healthy years to come.

Student Voices, now in its sixth year, is our newspaper. Its name reflects the goal of the newspaper: to be a forum for students to express themselves and to report the activities of the school. The newspaper has always welcomed replies to its editorials, as well as encouraged the students to get involved with the newspaper. Throughout the years, Student Voices has brought news, events, and opinions to all members of the Apponequet community and will continue to do so for many years to come.

The Role of Peer Helpers in S.H.A.P.E.

S.H.A.P.E.-Support, Help, and Peer Education is an organization that seeks to provide positive direction in the issues that concern young people today. Through a variety of activities, S.H.A.P.E. attempts to afford alternatives to the negative forces of peer pressure.

Members are educated on such topics as drugs and alcohol (their effects on the family as well as the user), relationships, AIDS, smoking, suicide, eating disorders, and coping with stress, peer pressure and personal emotions. This information is then shared with peers, younger students, and community through a variety of media including written work, drama, discussion, and music.

We feel that our activities reflect the sharing and caring that best exemplifies the positive spirit of the youth of Apponequet.

Such an organization is effective in that it sharpens the problem-solving skills of Apponequet's students along with allowing them an opportunity to compete in an academic setting.

The apponequet Choir is both an organization designed for delightful choral presentations and an academic course at our school. Members of the choir are serious music students who study and rehearse for one class period each day. We are fortunate to be able to witness the fruit of their labors at the annual Christmas Concert and at the Pops Concert held in the spring. Choir members also entertain us with selections at MADD night and at other functions held throughout the school year.

AMNESTY INTERNATIONAL

Amnesty International is an independent worldwide movement working impartially for the release of all prisoners of conscience, fair and prompt trials for political prisoners, and an end to torture and executions. Through letter writing campaigns to heads of various governments, Amnesty International speaks for the imprisoned and "disappeared"—prisoners of conscience who committed or condoned no acts of violence. The Amnesty Group works hard to secure and protect the basic human rights of everyone.

DO YOU HEAR THE PEOPLE SING
LOST IN THE VALLEY OF THE NIGHT?
IT IS THE MUSIC OF A PEOPLE
WHO ARE CLIMBING TO THE LIGHT
FOR THE WRETCHED OF THE EARTH
THERE IS A FLAME THAT NEVER DIES -
EVEN THE DARKEST NIGHT WILL END
AND THE SUN WILL RISE
LES MISERABLES
